BMYG YOUTH WORK CIC / YOUTH CONNECT

BMYG Youth Work CIC working under the trading name Youth Connect is one of the main providers of youth services in Walsall, Working with hundreds of young people across the borough. We use Centre based, detached, sports sessions as well as specialised programmes and interventions to work with young people and their families. We have over 10 years' experience of working with hard to reach and marginalised young people in some of the most deprived wards in the UK. Our experience with our local mainstream youth population's, NEETS young people, young offenders or those on the periphery of youth crime has shaped our delivery and the way we offer services to young people. In order to maximise buy in from young people and offer the best chances of positive outcomes we always try to ensure a bespoke package of delivery for the needs of the young people we are working with. Youth Connect works primarily in central and South Walsall delivering multiple weekly sessions. All of our sessions are of no cost to young people. Working with the police, local authority, community partners and education providers we target hot spot areas and co-develop interventions with young people and partners. We work with a very diverse youth population and understand that whilst local authority youth work has greatly diminished, there is still a vital need for open access youth work. Young people need increasing support in Walsall as youth unemployment is increasing, anti-social behaviour and youth crime is rising , young people need a more holistic support offer to enrich their lives. Our projects are mainly aimed at working with young people between the ages of 8 to 19 (up to 23 in cases of LDD). We offer and aim to target all young people regardless of the race, religion, sexual orientation or background and work with young people for young people to ensure that their voices are enshrined in the projects we deliver.

Our ethos of educate, motivate and participate runs through our business from top to bottom. We are very passionate about offering children the opportunity to try new things and have fun doing so. We are proud to be able to deliver not only mainstream sports such as football, rugby, basketball, but also dodgeball, fencing, archery amongst others. We feel there is a sport out there for everyone, and want to give children the access to try new activities. As part of this programme, we would love to offer children who may normally not be able to access camps, the chance to join our of our holiday camps and learn some new skills, meet new friends and engage in some fun activities.
